Principal

In my message to you this year I would like to review the progress made in Miles Macdonell Collegiate over the past few years. This review will cover the advances in Courses, and in student accomplishments in the field of athletics and scholarship.

As everyone is aware great advancement has been made in Education throughout the province in the past few years. In this regard Miles Macdonell has been well in the forefront. Pilot courses have been given in Grade X Science and French reading. In grade XI pilot courses have been given in Physics and Chemistry. The General course has been established in Grade X, XI and XII.

The students and staff have accomplished a great deal in the past year. In the field of Physical Education the girls won the Suburban Collegiate Athletic Association Championship. The boys captured the same honor in the S. C. A. A. and went on to win the Provincial Championship. Miles Macdonell placed first in the Suburban Field Day this Spring. This honor meant a great deal of effort on the part of many individuals in our collegiate.

In Scholarship we have to our credit thirty-three scholarships and bursaries for 1964 and 1965. Over the past seven years students have won four first and four seconds in the Isbister Scholarship, which is the highest scholastic honor any grade XI or XII can win.

Our percentage of students passing in Grade XII in June 1965 was above the provincial average in every subject, the difference varying by as much as 18%.

We, of Miles Macdonell, can be justly proud of our accomplishments. May it be the avowed intention of every student to add to this enviable record in all fields of endeavour.

My congratulations go to the students and teachers who have worked so hard to make this yearbook the success it most certainly is.

I also extend to all graduates for this year my heartiest congratulations and best wishes.

J. E. SCARROW, B. A., B. Ed.
Principal.

The president's messages of past years have been quite poetical and artistic. Being neither a poet nor an artist, I shall say simply what I feel. Firstly, my thanks to Glen Perkins, Diane Zuk, and Lorna Tait for their able assistance on the student executive. Special thanks also go to Mr. Stevens, our sponsor, and particularly Mr. Scarrow, Mr. Meadows, and Mr. Dick for their help and advice. I'd like to thank the student body for allowing me to gain the experience I have known as president.

Over the past year we have witnessed many events and conflicts. Do you recall the "Indepent", the hanging of the school spirit dummy? Miles Mac was really humming. Then recall School Spirit Week, the Spring Fair the crowning of the Sweetheart Queen and the Senior Prom. Owing to the enthusiasm and support of the students, each of the above events was a tremendous success.

One of the most notable characteristics of this year was the fine teacher-student relationship. Remembering the women cheerleaders and such student teacher games as the broomball game we find that our teachers were always willing to provide humor or entertainment. Thus on behalf of the entire student body, I sincerely thank the staff for their co-operation and fine sportsmanship.

In conclusion, I extend my best wishes for success to each one of you. The future is ours... and so is its challenge. God has given us abundant opportunities to do our best, and rest assured that it will be our best that will be required. Thus, let us keep in mind an ancient Chinese proverb:

"Great minds have wills; feeble ones wishes."

Good-bye, good luck, and God bless.

Terry Edgeworth

As editors, it is our aim to present to the student body a remembrance of high school years. This we hope to achieve through the production of a yearbook. In years to come, one will be able to look back, to laugh, to reminisce. Such phrases as "Remember when...." and "Joe hasn't changed at all!" will naturally come to mind.

Many people do not realize how many long hours of hard work go into the production of this annual. For their valuable assistance, we wish to thank the faithful members of the staff who regularly came out to meetings to face piles of pictures, write-ups, and sticky glue. We owe our appreciation to Mr. W. Szutiak for his valuable suggestions and advice. Special thanks are extended to Mr. Meadows for taking pictures, to Peggy McCaffrey for drawing numerous cartoons, and to Carol Nordman for a great deal of last-minute typing.

We hope that you will always enjoy your 1966 Macadonian.

The Current Affairs Club has completed its second successful year at Miles Macdonell. Under the leadership of our president, Ellen Komarchuk, the club completed the following activities; presentation of a United Nations Day, (Thanks to the Student Council for purchasing a U.N. flag), a travelogue by Mrs. Zubek, preparation of an exhibit for the Spring Fair, sponsorship of a debate against River East, as well as numerous discussions on current affairs.

As a finale to the year's activities, the Current Affairs Club presented a panel discussion by the teachers, Mr. Best, Mr. H. Dick, Mrs. Zubek, and Mrs. Grieve, who gave their opinions of today's teenagers.

Many thanks to our teacher sponsor, Mr. Drewe.

United Nations Seminar

The purpose of the United Nations Seminar is to acquaint high school students with the workings of the U.N. through lectures, films, and discussions. School representatives, in turn, pass on their acquired knowledge to other students through participation in U.N., History, and Current Affairs Clubs.

Maths Club

This year, the Maths Club was introduced to the principles of the "New Maths" system and to the basic use of the abacus and slide rule. We also reviewed geometry and algebra in preparation for the Grade 12 Provincial Maths Examination, and entered an exhibit of puzzles and brain teasers in the Spring Fair. We wish to thank our club sponsor, Mrs. Zubek, and to extend heartiest congratulations to one of our members, Greg Kennedy, who came second among the more than 600 students who wrote the Provincial Maths Exam.

Slide Rule Club

The Slide Rule Club, under the capable leadership of Mr. Shklanka, has now had three successful years of operation. This year, the club had a new record high in enrolment. The club met during lunch hours each Wednesday. All members are now expert "slip-stick" operators, much envied by those who still have to do long division and take square root, by pencil and paper.

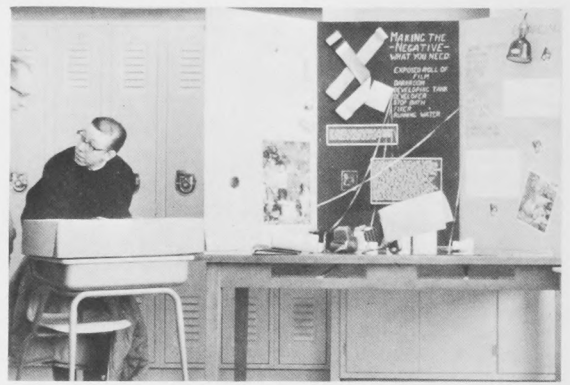

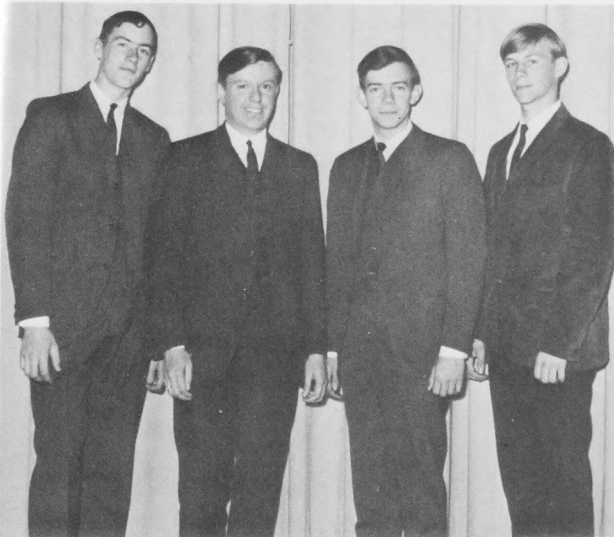

President - Ted Tuchonowski
Secretary - Peter Schneider

Geography Club

The members of the Geography Club enjoyed a very fruitful year participating enthusiastically in many projects. These consisted of corresponding with students of other countries, contributing geographic displays to the Spring Fair, and taking field trips to Burns Foods Ltd. and C.N. Tele-communications and Data Processing. The members of the Geography Club extend their sincere thanks to Mr. Chrustie, teacher sponsor.

For its first year in operation the A-V Club has accomplished a great deal under the sponsorship of Mr. Hlynka, our director. The original purpose of the club was to train students to operate school equipment. The membership of the club slowly decreased by Christmas but the few interested members continued to keep it in operation. Elections were held and the club began work on a Spring Fair Project. A very successful film was the result. "Science Through The Ages". The club will not be abandoned even though Mr. Hlynka will not be present. A new executive has already been elected and an A-V handbook is being edited. It is hoped more students will be interested in joining this enthusiastic club.

On the publicity side of things, posters (for the chocolate drive) were CREATED! as well as publicity for games and school spirit week.

As for "School Spirit", the committee sponsored a student-teacher basketball game and hootenanny. Then, February!... School Spirit Week!! A real smash!! Remember the fantastic volleyball game, broomball game and especially that zany "clash day"? Attire was so bright the teachers donned sun glasses. All in all, it was a great year!!

Reach for the Top

This year M. M. C. 's "Reach for the Top" team consisted of Greg Kennedy, Henry Metzler, Bob Bilan, and Wendy Caswill. On Flight One of the program, the team defeated the Daniel McIntyre team, winning the right to participate in Flight Two. The team met its match in the team from Glenlawn Collegiate and was narrowly defeated, the final score being 230-210.

Congratulations to the team members, and to their sponsors, Mr. Hlynka and Mr. Rozniatowski.

Awards Day, June 7

On Tuesday, June 7, 1966, Miles Macdonell held its annual Awards Day. Chairman, Terry Edgeworth called on members of the staff to present the various awards and trophies. Many students received first year awards, the letter "M", or "bars" signifying second year awards. Three students, Bob Harrison, Terry Edgeworth, and Juliette Schwartz, were awarded cups in appreciation of three years of active participation in school activities. Five special certificates of merit were bestowed upon deserving students. Trophies were given to the winning teams from the Bowling, Curling, and Badminton Clubs. The highlight of the afternoon, however, came when the "Athlete of the Year" cups were presented to Bonnie Burron and Bob Harrison. Congratulations!!

STANDING: Warren George, , Cam Shearer, , Ian Kerr.

Science Club

The Science Club was able to continue this year in spite of a lack of membership. The activities of the club consisted of films, discussions, inquiries into the subject of bio-electrogenesis, compiling a bibliography of science books in our library, and sponsoring projects for the Spring Fair and Kiwanis Science Fair. In the Kiwanis Fair the club won a third prize (earth and space science) and an honourable mention (biology).

Next year if more interest is shown in the club a project will be started at the beginning of the year, and among other activities - a tour of the planetarium in the Arts Centre is planned.

Senior Prom

This year's Senior Prom was the dance in the lives of the girls in the graduating class that they will remember as THE dance during their high school years.

The Grade Twelve Social Committee ably planned the affair which took place on Friday, May 13 in the Skyview Ballroom of the Marlborough Hotel.

At 6:30 p. m. the couples began to arrive at the eighth floor lobby. All the girls looked beautiful in floor length gowns in every colour of the rainbow. Most ensembles were rounded off with matching satin shoes, white evening bags and elbow length gloves, and topped with an elaborate hairdo. Each dress was enhanced with a colourful corsage. The gentlemen wore dark suits ornamented with a boutonniere.

After each lady and her escort passed through the receiving line and signed the guest book, the members of the head table entered and the chicken dinner was served.

President Terry Edgeworth proposed a toast to the Queen and soon the speeches began. Mr. P. Best proposed the toast to the graduates and Lorne Kotyluk responded in his toast to the faculty. Mrs. N. Reese replied with a speech which had an unusual chemical twist that added a humorous ending to the speeches.

The more courageous grade twelve classes then provided entertainment by performing an original song, skit, or poem. The teachers did likewise. These renditions were enjoyed by all.

Mr. Harrison's band then took over. Long dresses did not prevent the girls from doing a spirited polka or frug. One o'clock came all too soon.

The Senior Prom will be remembered by all who attended as the perfect ending to three years at Miles Mac.
